

MARCH 16, 2024 GSGRC TRAINING DAY

REGISTRATION DEAD-LINE: March 11, 2024

LOCATION: 410 Buckhorn Dr., Belvidere, NJ 07823

Please park in the driveway and if the driveway is full, park on the street (in front of the house), please avoid parking on the grass (at this time as it is very wet).

Please leave the dog(s) in the car when you first arrive as we will do a basic review and answer any question about the test you might have.

As long as the weather is not too severe, we will still hold the training session, so be prepared. Bring a chair and it would also be helpful to have pen and paper to take notes.

TRAINING CHAIR: Mary Stankovics

CONTACT INFORMATION: mstankovics@comcast.net (please email intent to attend or any questions)
908-574-9332 (phone number to be used day of for any issues, call or text)

ADDITIONAL INFORMATION: This session is to evaluate teams for those individuals that have limited to no experience in the field but would like to try to get ready to run a WC test, to review the skills needed and give an overview of the test itself. We will be working in a fenced yard, but please bring a long line (if you have one), bumper(s) your dog is comfortable retrieving and treats.

Please review the rules of the test at <http://grca.org/wp-content/uploads/2016/02/WC-WCX-Rules-Changes-12-2015.pdf>

Please note any questions you might have so we can address those.
